- You will then be asked to select the children you are registering for the event. You can select multiple children in this step.
 - **Note:** If you are the primary account holder and have family members linked to your account, all eligible people will be listed in this screen.
 - The child/children you are selecting **MUST** be ACTIVE HealthQuest Members. If they are NOT ACTIVE Members a registration form must be completed and they will be registered as a Non-Member with the Program Desk.
 - If your child is 'attached' to your membership strictly for Childcare Check in purposes, you will not be able to register them as a member.

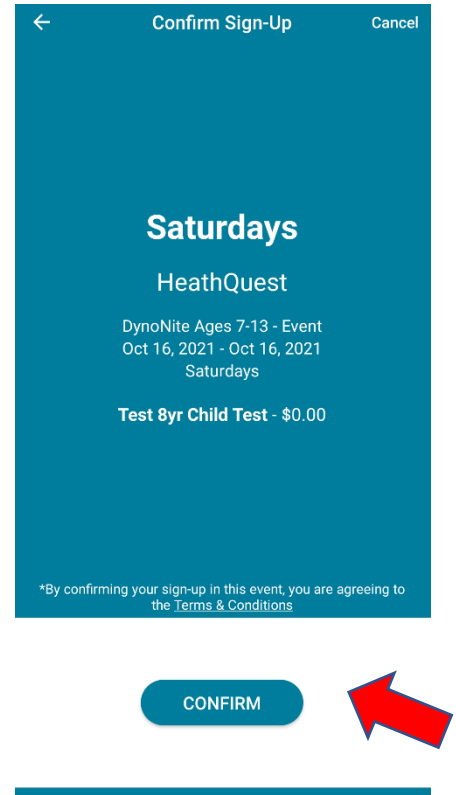

A screenshot of a mobile application interface titled "Select Participants". At the top, there is a teal header bar with a left-pointing arrow, the text "Select Participants", and a "Next" button. Below the header, there are two rows of child information. The first row is "Test 13 yr Child Test" with a grey circle containing a white checkmark to its right. The second row is "Test 8yr Child Test" with a grey circle containing a white checkmark to its right. The bottom of the screen has a grey bar.

Select the participants (selected participants will have a Blue check) and select 'Next'

A screenshot of the same "Select Participants" screen. In this version, the "Test 8yr Child Test" row is highlighted with a light grey background. The checkmark in the circle next to it is blue. A red circle is drawn around this blue checkmark. A red arrow points from the right side of the screen towards the "Next" button in the teal header bar.

You will now get a confirmation page
Verify the information and participants are correct
** You must Confirm your registration

To verify enrollment *Primary account only

Go to the home screen on the app and select the child's name that you would like to confirm by using the drop-down menu

Slide the Calendar to the specific date and enrollment will be noted
